Memorial Tree & Bench Program

Memorial Tree & Bench Program

Creating a lasting tribute and beautifying our community.

Donating to the memorial program is a wonderful to celebrate a special person or event. Your memorial will stand in tribute for many years to come while providing shade or a place of quiet reflection for future generations.

Memorial trees and benches can be planted in any of the City's parks and at Creve Coeur Golf Course, and we will work with you to find an appropriate location for your memorial. The donor can choose the general location, and specific placement will be determined by the City Arborist or the Operations Superintendent. Benches can be placed during most seasons of the year and have a life expectancy of ten (10) years. Trees will typically be planted during the winter season and have a one-time replacement warranty within the first two (2) years. You may choose a shade, flowering or evergreen tree. Things to consider when choosing a tree include tree species, site needs, and planting restriction in certain parks.

A commemorative plaque is added to each bench or tree. Plaques are silver with black text and set on a black background. Plaques have a life expectancy of ten (10) years.

To donate a memorial tree or bench, complete the form attached and mail it with your payment to the address listed. Payment can also be made in person, Monday through Friday, 8 a.m. to 5 p.m. at the Public Works Department located in the Government Center.

For more information, please call 314-872-2533, and we will be happy to assist you.
